

2nd EDITION OF SCANDINAVIAN BUSINESS MIX

Scandinavian Business Mix

The next edition of the Scandinavian Business Mix will be an integral part of a business conference in the framework of Scandinavian Days. By organizing this event, for the second time we allow entrepreneurs the opportunity to establish contact with potential foreign partners. The form of matchmaking will allow the exchange of knowledge and experience and the development of international cooperation between local, national and Scandinavian businesses.

MATCHMAKING FORMULA

Cooperation meetings for entrepreneurs will be arranged on the basis of pre-defined list of entrepreneurs who have expressed willingness to participate and take part in direct talks. Based on the descriptions of the business, the companies will have fixed appointments with potential partners, corresponding to the profile of their company. Participation in the business mix event will help participants to get familiar with the offer of their partners, get information about proposed and used solutions in the business, and to establish international partner and trade relations.

You are kindly invited to participate!
